**June 2019**

**Dear Parents,**

Summer time and the living is good!!! Children's World is thrilled to be soaking in the rays and looking forward to all the excitement that the month of June holds!!!

### **New Enrollment and New Classrooms**

June is a month full of changes and Children's World is embracing it all. This month the school will be seeing a large movement as our children begin moving into new classrooms. We hope that everyone had time to visit their new teachers and become acquainted with the new environment.

There will also be a bunch of new faces roaming the halls of Children's World, so let's be sure to show our new friends all the grace and courtesy they deserve.

Remember that change can be difficult, for any age, and we are all here to support our kiddos as they enter these new experiences.

### **Snack Calendar**

Children's World is taking the time to rethink and revamp each classroom's Snack Calendar. We are looking to add variety and increase the children's exposure to new, healthy foods in the classroom. We are asking parents, if possible, to please buy as much Organic food as possible. Children's World wants to be sure that everything that is going into these kiddos bodies is the healthiest that it can be. We also are requesting that parents

## **Montessori Tip for Home**

The official school year has come to an end and the Summer Program is in full swing. During the school year families are often dictated by strict schedules, which can make it hard for children to do things on their own. Take advantage of these summer months to slow down and let your child become more independent. Children can begin assisting or preparing their own meals. Allow children to sort, wash or fold their own laundry. They can feed the family pet or help wash the car. The possibilities of developing stronger independence are endless. Just remember that these tasks may be new to your child. Make sure to explain things well and give them lots of time for learning and practice.

Sincerely,

Children's World Bilingual Montessori
