INFANT • TODDLER • PRESCHOOL • KINDERGARTEN

### April 2021

Dear Parents,

Spring has arrived! Warmer temperatures are starting to appear and break up season is upon us. We know it has been an especially trying Winter and want to thank everyone who has stuck it out with us.

### Summer

CWBM would like to give our regrets as to not being able to host our Summer Camp for the Elementary Aged Children. This year has been hard on all aspects of our community and when with the careful consideration of finances, licensing issues and staff we had to make the difficult decision to not move forward with the Summer Camp.

### Policy

It has been a year of learning to live with the pandemic and we believe that we are at the end of a very long tunnel. As the Municipality and State of Alaska ease up on their Covid-19 mandates and restrictions, Children's World will continue to enforce the policies we have set in place to ensure the mitigation of Covid-19 within our school.

Our strict health, travel and exposure policies have served us well during the height of the pandemic and CWBM feels that it is in our best interest to keep these in place. We understand that with more and more people becoming vaccinated, there may be a push to ease the policies, and we will when we feel that things are steadily

### Reminders

**Break Up Season** means cold mornings and warm afternoons. Do not forget the puddles that are going to be appearing everywhere. Please remember to dress your child appropriately to address all the seasonal changes for the month of April.

**Health Policies** require that any child who presents or develops a temperature of 100°F at school must remain home for a minimum of 72 hours. Excessive coughing, mucus secretion, vomiting and diarrhea will also require a child to stay home for 72 hours.

**Timeliness** for pick up and drop offs are necessary. If you need to drop off/pick up outside your scheduled time, please just contact Administration and it will be approved. Failure to contact the office will result in Late Pickup Fees.

Thank you for continuing to work with us as we navigate the new norm.

improving and remain improved, but until then we ask for respect and cooperation when implementing our policies.

Sincerely,

Children's World Bilingual Montessori
