## September 2022

Dear Parents,

Welcome to the Fall 2022 school year. Children's World is happy to be on this journey with new and returning students. The new school year is a wonderful time to immerse ourselves in all that is Montessori and embrace new changes.

### Grace and Courtesy

Grace and Courtesy is where the Montessori education begins. It is the foundation on which the classroom flows through the day, from early morning greetings, to asking questions, and to even getting through disagreements. Grace is the child's ability to use their will to show comfort and respect in themselves. Courtesy is showing that same grace and respect towards others.

When it comes to teaching Grace and Courtesy to young children, the most important step is modeling the appropriate behaviors. Whenever you are interacting with another person, always be aware that your child is absorbing your interaction and processing the result.

Staff at Children's World apply the Grace and Courtesy philosophy with every interaction we have at the school. We request that all families do the same. We ask for your respect, your patience, your manners, and your honesty as this will be the values and behaviors, we grant upon you.

### Falling Back into the Groove

Routines, routines, routines. The simplest order of activities/events can truly help a child feel more secure and confident in his/her surroundings. Children thrive on understanding of how their day

will unfold and being able to predict what will happen throughout the day. The first week of school can often be a little scary and stressful for some young Montessori students because they aren't able to predict how the day will unfold. It is our responsibility to make the transition as simple and stress-free as possible.

Therefore, Children's World asks that all children arrive before 9:30 AM, to allow the child to participate in the Montessori Morning Circle. This circle introduces the themes, activities, songs, and Montessori Works for the day and allows the child to engage in a community activity. During this time the Montessori teacher will go over the daily schedule and discuss what the classroom holds for them that day. This morning Montessori Circle allows the children to understand what their day will look like.

Please reach out if there are any concerns and questions.

Thank you.

Sincerely,

Children's World Bilingual Montessori
